JERRY REMICK'S 1989 CNA WOOD: Jerry REMICK has issued a 3" x 4" flat (actually two issues) on 1/16" balsa wood for the 1989 Canadian Numismatic Association Convention to be held in Quebec City July 26-30. Most woods currently made are 1/32" thick. Only 50 specimens of each wood were made. The reverse side for the two issues of woods show the crest of La Societe Numismatique de Quebec (The Quebec City Numismatic Society), the host club for the 1989 CNA Convention. Jerry's address is below with "VALID FOR \$1.00 AT ALL TIMES" in French at the bottom. A voyageur canoe logo with the 1989 CNA Convention data appears on the obverse side of one wood. The voyageur canoe is the main part of the logo for the CNA and appears on Canada's dollar coins issued 1935-87. The design which will appear on the 1989 CNA Convention medal is featured on the obverse side of the other issue of woods. It shows a lady with shield sitting below the cliffs of Quebec City looking out along the St. Lawrence River. From 1833-1949 this design was the official crest of Quebec City. The design appears on a penny and on a half penny token issued in 1852 by the Quebec Bank as well as other tokens and medals and also on issues of paper money issued by two chartered banks in Quebec City. In 1960 La Societe Numismatique de Quebec adopted this crest as their official crest. The wood flats were made by Universal Signs, Howell Place, 880 Howell Road, Site 1, Unit 7, Fredericton, New Brunswick E3B 6A3 Canada. (They also made the 1987 CNA woods for the Charlottetown Convention Committee.) The cost was \$1.51 for each wood including artwork. Specimens of the wood are available postpaid at \$1.50 each or both for \$3.00 from Jerry Remick, Box 9183, Ste-Foy, Quebec G1V 4B1. They are printed in black and are shown below.
